Police Union Tried To Block Publication Of NYPD Database

The unusual request came as BuzzFeed News was preparing to release thousands of secret disciplinary records.

Here's Why BuzzFeed News Is Publishing Thousands Of Secret NYPD Documents

BuzzFeed News is making public a huge cache of the New York Police Department's disciplinary records, revealing for the first time which employees have been charged with misconduct and what punishment, if any, they have received. The information is an important tool for people accused of crimes and for officers who feel they were punished excessively, but the department has fought hard to keep it secret.
